Under Article 23, March Meeting 1936

The following Committee appointed by the Moderator to take what action is necessary to make the so-called Hammond Prosperity Plan available as soon as possible.

RICHARD SHUEBRUK

GRAYDON BOUVE

ANSELM L. BEAL

FORREST E. HAMMOND

T. FREDERICK MULCAHY

Under Article 24, March Meeting 1937

Voted that a Committee of five (5) be appointed by the Moderator to cooperate with the proper Federal Authorities to apply for funds, for the improvement of Cohasset Harbor by approving a

Federal Project for the establishment of the Harbor as a haven of refuge, if any was available.

JOSEPH H. WILLCUTT
JOSEPH J. GRASSIE

RALPH E. SCRIPTURE
PHILIP M. STEARNS

JOSEPH M. SILVIA

Under Article 33, March Meeting 1937

Voted that the Selectmen, hereby, be instructed to appoint a committee to investigate the advisability of disposing of any of the real estate belonging to the Town, said Committee to submit its recommendations thereon at the next Annual Town Meeting. This committee continued by vote under Article 5, March Meeting 1938 as follows: VOTED: Unanimously by a voice vote that the report of the committee appointed under Article 33 of the Town Meeting held March 6, 1937 be noted as printed in the Annual Report for the year 1937; and that said committee be continued and unfinished business be recommitted to them for further report at the next Annual Town Meeting.

Under Article 23, March Meeting, 1938

Voted by a hand vote that the sum of \$8,750 be raised and appropriated for the construction, development, grading and improvement upon the present Ball Field Lot and other land adjoining same to be acquired from Mrs. Jane W. Bancroft, as a playground or recreation centre; that the Selectmen be respectfully requested to apply the legacy of \$10,000 with accumulated interest bequeathed to the Town by the will of the late Arthur N. Milliken as an additional amount for the same purposes specified; that a Committee composed of the three members of the Board of Selectmen together with Manuel A. Grassie, William H. Taft, Edward A. Mulvey, Dudley S. Dean and John Bates is hereby appointed to supervise said construction, grading, development and improvement with full power to secure plans, receive bids, award contracts, employ and engage engineering, landscape or other experts and otherwise act with respects incidental thereto and in accomplishment thereof.

Under Article 27, March Meeting 1938

Voted by a hand vote that the Town establish a Planning Board under the provisions of Chapter 41, Section 81A of the General Laws, as amended by Chapter 211 of the Acts of 1936; the Board to consist of five members to be elected by ballot and when first established such members to be elected for terms of such length and so arranged that the term of at least one member will expire each year and their successors shall be elected for terms of such length and so arranged that the term of at least one member will expire each year and their successors shall be elected as in the case of their predecessors for terms of five years each; and direct the Moderator to appoint a Temporary Board to serve until the Regular Board is duly elected.

The Moderator appointed the following persons to serve on the Temporary Board:

MR. RUSSELL DEAN
MR. HUGH F. STRAIN

MRS. HELEN S. COOLIDGE
DR. BURT M. BRISTOL

MR. WALTER C. WHEELWRIGHT

Attest:

WILLIAM H. MORRIS,

Town Clerk.

TOWN CLERK'S REPORT

TOWN OF COHASSET

REPORT OF THE ANNUAL TOWN MEETING

Held March 5, 1938

At the Annual Business Meeting held at the Ripley Road School Auditorium at 2 o'clock P. M., the following Articles were contained in the Warrant and acted upon as recorded:

		<hr/> \$294,467.05

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

VOTED: Unanimously by a voice vote that the Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 5. To hear the report of any committee heretofore chosen and act thereon.

VOTED: Unanimously by a voice vote that the report of the committee appointed under Article No. 33 of the Town Meeting held March 6, 1937 be noted as printed in the Annual Report for the year 1937; and that said committee be continued and unfinished business be recommitted to them for further report at the next Annual Town Meeting.

VOTED: Unanimously by a voice vote that the report of the Board appointed at the last Town Meeting to study the feasibility of planning and zoning laws for the Town of Cohasset be accepted as printed in the Town report.

VOTED: Unanimously by a voice vote to Accept the Report of Playground Committee.

Report of Playground Committee

In our approach to the playground question, we divided it into three parts.

First we considered grounds for the younger children, and in our opinion the grounds in rear of Ripley Road School are ideally situated. The area is large enough, and can be improved at any time the Town wishes. Here also, which is very important the children are under the supervision of the school teachers.

Secondly we considered grounds for the older children. We looked over lands owned by the Town, keeping in mind their accessibility the feelings of abutters and the cost.

We also felt that the Town should develop a recreation field where at some future date there would be land available for a new School building.

The present ball field on Reservoir Hill filled all requirements with the exception of size. We approached Mrs. Bancroft to see if the Town could buy a strip of her land, and she very generously offered to give to the Town some four acres of land which adjoins the present ball field.

Plans have been drawn showing how this site can be graded and laid out for a recreation field, including a field house for \$25,000.00.

This leaves a piece of land 400 ft. x 200 ft. on which the Town can build some time in the future a new High School building.

Thirdly we considered the North Cohasset district. Here the children have no public land, other than the street where they can play. There is a piece of land of about one acre and 16,000 sq. ft. owned by the Hydes which can be bought for \$500.00 which is the assessed value.

This land is wet in the spring, but we believe the town should buy it now, and develop it later.

We are placing articles in the warrant to cover these findings.

Respectfully submitted,

MANUEL A. GRASSIE
DUDLEY S. DEAN
EDWARD A. MULVEY
SPENCER H. STOUGHTON
MRS. WILLIAM C. ROGERS
WILLIAM H. TAFT
ARTHUR CLARK
WILLARD S. PUTNAM
JOHN BATES

Playground Committee,

VOTED: Unanimously by a voice vote that the Report of the Dredging Committee be accepted as one of progress.

ARTICLE 6. To see if the Town will vote to raise and appropriate sufficient money to cover any 1937 overdrafts including Public Welfare \$571.54 and Removing Snow \$361.78, a total of \$933.32, or take any other or further action relative thereto.

VOTED: Unanimously by a voice vote that the sum of \$933.32 be raised and appropriated to pay overdrafts of 1937 as follows:

Public Welfare	\$571.54
Removing Snow	361.78

Total	\$933.32
-------------	----------

ARTICLE 7. Will the Town raise and appropriate the sum of \$1,278.13 to pay the following bills of 1937:

Selectmen	\$7.00
Moth Department	3.25
Board of Health84
Selectmen, street signs	3.50
Department of Public Welfare	1,154.29
Soldiers' and Sailors' Relief	81.79
Schools	1.44
Town Gravel Pit	12.70
Cemetery, maintenance	13.32

\$1,278.13

VOTED: Unanimously by a voice vote that the sum of \$1,278.13 be raised and appropriated to pay unpaid bills of 1937, as follows:

Selectmen	\$7.00
Moth Dept.	3.25
Board of Health84
Selectmen, Street Signs	3.50
Schools	1.44
Dept. of Public Welfare	1,154.29
Soldiers' and Sailors' Relief	81.79
Town Gravel Pit	12.70
Cemetery, Maintenance	13.32

\$1,278.13

ARTICLE 8. To see if the Town will vote to appropriate from available cash in the treasury \$20,000. or such other sum as it may determine, for the use of the Assessors in fixing the tax rate for the ensuing year.

VOTED: Unanimously by a voice vote that the sum of \$20,000 be appropriated from available cash in the Treasury for the use of the Assessors in fixing the Tax Rate for the ensuing year.

ARTICLE 9. Will the Town vote to appropriate the sum of \$573.36, this being the sum received from the County for dog licenses, for Schools, as required by Chapter 140, Section 172 of the General Laws?

VOTED: Unanimously by a voice vote that the sum of \$573.36 be appropriated from available cash in Treasury being amount received from Dog Tax as required by Chapter 140, Section 172, G. L. for use of the School Department.

ARTICLE 10. To see if the Town will accept any provisions made by the General Court for an annuity or pension to Herbert L. Brown; raise and appropriate a sufficient sum of money to provide therefor, or take any other or further action relative thereto.

VOTED: Unanimously that the sum of \$600.00 be raised and appropriated for an annuity or pension to Herbert L. Brown provided the enabling act is passed by the General Court and becomes law and is duly accepted by the Town.

ARTICLE 11. To see if the Town will raise and appropriate the sum of \$10,000., or such other sufficient sum as it may determine, to be expended under the direction of the Selectmen for labor and materials for municipal purposes and projects best suited in the discretion of said Selectmen to the mutual benefit and improvement of the town and unemployment relief of its worthy citizens to keep same off the Welfare Rolls, or act on anything relating thereto.

VOTED: Unanimously by a voice vote that this Article be indefinitely postponed.

ARTICLE 12. To see if the Town will raise and appropriate the sum of Nine Thousand Four Hundred Ninety-three Dollars and Twenty-five Cents (\$9,493.25), or such other sufficient sums of money as may be necessary for the purchase of materials, supervision, employment of labor and meeting of necessary expenses in connection with W. P. A. or other Federal Aid Projects and Welfare Projects designed to relieve unemployment from time to time during the ensuing year or act on anything relating thereto.

VOTED: By a voice vote that the sum of \$9,493.25 be raised and appropriated for the purchase of materials, supervision, employment of labor and meeting of necessary expenses of W. P. A. or other Federal Aid and Welfare Projects to relieve unemployment from time to time during the ensuing year or until the next Annual Town Meeting.

ARTICLE 13. John Bates and others: To see if the Town will accept from Mrs. Jane W. Bancroft for the purposes of a playground or recreation centre, a Deed to premises lying Southerly of the present Ball Field on Lincoln Hillside, containing 4.512 acres and generally bounded: Northerly; by the Lincoln Hillside Ball Field Lot, so-called, owned by the Town, 480.15 feet; Easterly: by a proposed way and other land of said Bancroft 356.34 feet; Southeasterly: by a proposed way and other land of said Bancroft by a curved line measuring 120.14 feet; Southerly: by a proposed way and other land of said Bancroft 301.47 feet; Southwesterly: by a proposed road and other land of said Bancroft by a curved line measuring 127.03 feet, and: Westerly: by other land of said Bancroft, 338.68 feet, as well as an area to be used in future only for the layout, establishment and construction of two Town Ways forty (40) feet wide from Pond Street to Norfolk Road, a distance of about 1,335

feet and another from said last proposed Way in a Westerly direction about 730 feet to land of the Town known as the Town Home Property, all as shown on Plan drawn by Lewis W. Perkins Engineer, and filed in the Town Clerk's Office; authorize the Selectmen to acquire the same or take any other or further action relative thereto, or relative to otherwise acquiring the whole or any portion of the land referred to above for said purposes.

VOTED: By a hand vote that the Town accept as a gift from Mrs. Jane W. Bancroft for the purposes of a playground or recreation centre a deed to premises lying Southerly of the present Ball Field on Lincoln Hillside, containing 4.512 acres and generally bounded: Northerly: by the Lincoln Hillside Ball Field, so-called, owned by the Town, 480.15 feet; Easterly: by a proposed way and other land of said Bancroft 356.34 feet; Southeasterly: by a proposed way and other land of said Bancroft by a curved line measuring 120.14 feet; Southerly: by a proposed way and other land of said Bancroft 301.47 feet; Southwesterly: by a proposed road and other land of said Bancroft, by a curved line measuring 127.03 feet; and Westerly by other land of said Bancroft 338.68 feet; as well as an additional area to be used in the future only for the layout, establishment and construction of town or public ways, consisting of land forty (40) feet wide extending from Pond Street in a general Northerly direction, a distance of about 1,335 feet to Norfolk Road and from said last proposed Way in a general Westerly direction about 730 feet to land of the Town known as the Town Home Property, all as shown on plan drawn by Lewis W. Perkins Engineer, and filed in the Town Clerk's Office; and that the Selectmen be and hereby are authorized to acquire said premises by such proceedings or action as is necessary to vest title thereto in the Town.

ARTICLE 15. Edward L. Litchfield and others: Will the Town raise and appropriate the sum of \$300.00 to build a macadamized or asphalt sidewalk on Beechwood Street, from the residence of William Keating to the New State Highway?

VOTED: Unanimously by a voice vote that this Article be indefinitely postponed.

ARTICLE 16. Ellery C. Bates and others: Will the Town raise and appropriate the sum of Three Hundred and Fifty Dollars (\$350.00) for the purpose of installing a proper drainage system in front of the residences of Ellery C. Bates and George F. Hayden on Beechwood Street, or act on anything relating thereto?

VOTED: By a voice vote that the sum of \$350.00 be raised and appropriated to repair the culvert under Beechwood Street near residences of Ellery C. Bates and George F. Hayden and for the installation of a catch basin and drainage system for the surface drainage of the highway in that vicinity, said expenditure to be made by the Selectmen with the approval and consent of the Town Counsel.

ARTICLE 17. Michael H. Donovan and others: Will the Town vote to raise and appropriate the sum of Twenty-five Hundred Dollars (\$2,500.00) to construct a tarred side walk, four feet wide, on the westerly side of Ripley Road, from North Main Street to Sohier Street, from said corner of Sohier Street to a point near the swimming pool on the estate of Mrs. Hugh Bancroft? Said work to be done under the supervision of the Highway Surveyor.

VOTED: By a voice vote that the sum of \$2,000 be raised and appropriated for construction of a tarred sidewalk from corner of Sohier Street and Ripley Road to a point near Bancroft's Swimming Pool.

ARTICLE 18. William F. Burke and others: Will the Town raise and appropriate the sum of \$3,000., of which \$1,788.66 be re-appropriated under Article 17 of the Warrant for the Town Meeting held March 8, 1930, for the purpose of enlarging the upper floor space of the Central Fire Station and furnishing same, so as to provide habitable quarters for the men now sleeping there, or act on anything relating thereto?

VOTED: By a voice vote that the sum of \$1,500 be raised and appropriated to remodel and refurnish the living quarters of the firemen at the Central Fire Station in accordance with a plan drawn by David Reed.

ARTICLE 19. Ernest G. Coles and others. Will the Town raise and appropriate the sum of \$312.50 to purchase a Motor-Mower, 24 inch, with rubber wheels and cycle-bar?

VOTED: Unanimously by a voice vote that this Article be indefinitely postponed.

ARTICLE 20. To see if the Town will vote to instruct its Selectmen to control, regulate or prohibit the taking of eels, any or all kinds of shellfish and seaworms within the Town as provided by Chapter 130 of the General Laws; ratify and confirm the action heretofore taken by the Selectmen in regard thereto or take any other or further action relative thereto.

VOTED: Unanimously by a voice vote that the Selectmen be and hereby are instructed to control, regulate and/or prohibit a taking of eels and any or all kinds of shell fish or sea-worms within the Town as provided by Chapter 130 of the General Laws; and further, that the action heretofore taken by the Selectmen in regard thereto be and hereby is ratified and confirmed.

ARTICLE 21. To see if the Town will vote to establish as a Town Way and accept the layout of a Way running from Chief Justice Cushing Way to the Woodside Cemetery; as laid out by the Selectmen and shown on Plan on file in the Town Clerk's office; raise and appropriate a sufficient sum of money to construct same or act on anything relating thereto.

VOTED: By a voice vote that this Article be indefinitely postponed.

ARTICLE 22. John W. Coolidge and others: To see if the Town will vote to sell or lease to John Eltman, or others, upon such terms as it sees fit, the whole or any portion of land owned by it lying to the east of and adjoining Government Island, so-called, between Border Street and the Harbor or Bailey's Creek; authorize its Selectmen to execute, acknowledge and deliver in its

behalf proper instruments of conveyance therefor, or take any other or further action relating thereto.

VOTED: By a voice vote that the Selectmen be and hereby are authorized in their discretion to lease to John Eltman and/or ing however 99 years, the whole or any portion of land lying to the others upon such terms and conditions as they deem fit not exceed-east of and adjoining Government Island, so-called between Border Street and the Harbor or Bailey's Creek; and to execute, acknowledge, seal and deliver in behalf of the Town proper instruments therefor.

ARTICLE 23. John Bates and others: To see what action the Town will take on the report and recommendations of the Playground Committee appointed at the last Annual Town Meeting and especially to see if the Town will vote to raise and appropriate the sum of \$20,000 or such smaller sum, which, together with the proceeds of any gift available will be sufficient therefor, for the construction, development, grading and improvement upon the present Ball Field Lot and other land adjoining same which may be acquired from Mrs. Jane W. Bancroft as a playground or recreation centre; determine how said money shall be raised; authorize its selectmen or other officers or agents which it may appoint to superintend said construction, grading and improvement, with full power to expend said appropriation and to contract in the matter, or take any other or further action relative thereto.

VOTED: By a hand vote that the sum of \$8,750 be raised and appropriated for the construction, development, grading and improvement upon the present Ball Field Lot and other land adjoining same to be acquired from Mrs. Jane W. Bancroft, as a playground or recreation centre; that the Selectmen be respectfully requested to apply the legacy of \$10,000. with accumulated interest bequeathed to the Town by the will of the late Arthur N. Milliken as an additional amount for the same purposes specified; that a Committee composed of three members of the Board of Selectmen together with Manuel A. Grassie, William H. Taft, Edward A. Mulvey, Dudley S. Dean and John Bates is hereby appointed to supervise said construction, grading, development and improvement with full power to secure plans, receive bids, award contracts, employ and engage engineering landscape or other experts and otherwise act with respects incidental thereto and in accomplishment thereof.

ARTICLE 39. John M. Lovejoy and others: Will the Town appoint a committee of six, four to be chosen by the Selectmen, and two by these four, to study the causes of the decline in the Grand total valuation of Taxable property in the Town over the Twenty year period from 1917 to 1937; to study methods which would result in preserving and enhancing the present grand Total Tax estate for the benefit of the taxpayers through the resultant lower tax rate; this committee to report its findings and recommendations to the next annual Town Meeting; or act on anything relating thereto?

VOTED: In the negative by a hand vote.

Yes 149

No 170

ARTICLE 40. John M. Lovejoy and others: To see what action the Town will take with regard to the Beechwood School property, especially with respect to the disposal thereof as recommended by the committee appointed under Article 33 of the Warrant for the 1937 Annual Town Meeting, or any other or further action relating thereto.

VOTED: In the negative by a voice vote.

ARTICLE 41. John M. Lovejoy and others: To see if the Town will vote to sell the Philander Bates property, so-called, consisting of land and buildings situated on the Southerly side of Elm street. instruct its Selectmen in regard to the matter, or take any other or further action relating thereto.

VOTED: In the negative by a voice vote.

ARTICLE 42. John M. Lovejoy and others: To see if the Town will vote:

(a) To instruct the Town Clerk to record all deeds conveying land to the Town which are in the possession of the Town and remain unrecorded and to secure certified copies of all deeds, takings, wills or other instruments whereby the Town acquired any interest, in real estate where the same are not now in the possession of the Town, the same to be filed and a book of record of same be set up and kept up to date.

(b) To instruct the Town Clerk to keep a file containing a folder for each parcel of real property owned by the Town in which will be filed statements and data pertaining to all action concerning each parcel.

(c) To instruct the Selectmen to secure the cost of bounding the several unbounded Ways of the Town, set up a schedule over a period of years and to report the same at the next Annual Town Meeting.

(d) To instruct the Town Clerk to set up and keep a file by name of all individual ways in the Town in which will be kept records and dates past, present and future pertaining to each way.

(e) To instruct the Selectmen to set permanent bounds on all Town real estate, except wood-lots, which is not now bounded.

(f) To instruct the Selectmen or the Assessors to have surveyed

and mapped from year to year certain portions of the area within the Town not already surveyed and mapped, so that in due time the Assessors' maps of the Town will be completed.

(g) To instruct the Selectmen to take steps for the disposal of property acquired by tax title proceedings where the right of redemption has been foreclosed by publicly advertising same, listing it with real estate Brokers and taking such other action which said Selectmen may deem advisable to bring same to the attention of possible prospective purchasers.

(h) To instruct its Selectmen to institute proceedings in the Land Court to have determined the title to property on the Northerly side of Border Street, east of the Central Fire Station; and to raise and appropriate sufficient money necessary to carry out said instructions and accomplish the same, or take any other action relative thereto.

VOTED: That this Article be laid on the table.

ARTICLE 43. John M. Lovejoy and others: To see if the Town will vote to amend its by-laws as follows:

(a) By inserting and adding at the end of Section 2 of Article 3 the words "The Selectmen shall annually on or before April 1st prepare a complete list of all Town Property, both real and personal, under their control, together with a description of said property and an estimate of the replacement value thereof."

(b) By inserting and adding in the eighth line of Section 8 of Article 4, after the word "preceding" the words "as well as a detailed list of the fixed property of the Town."

VOTED: To lay this Article on the Table.

ARTICLE 44. John M. Lovejoy and others: To see if the Town will appoint a Committee to investigate the possibilities of the development or disposal of the Town Farm and Home property situated on Pond Street and to submit plans and recommendations to the Town at the next Annual Meeting, or act on anything relating thereto.

VOTED: That this Article be Indefinitely Postponed.

ARTICLE 45. John M. Lovejoy and others; To see if the Town will vote to establish a Committee to investigate and compile for future records information with respect to the status of Strait's Pond, or act on anything relating thereto.

VOTED: By a voice vote that this Article be Indefinitely Postponed.

ARTICLE 46. John M. Lovejoy and others: To see if the Town will vote to transfer to the abutter's small portions of the Town Common at the North End thereof (not used or needed) for such consideration and upon such terms as it sees fit: instruct its Selectmen in the matter, or take any other action relative thereto.

VOTED: By a voice vote to lay this Article on the table.

ARTICLE 47. John M. Lovejoy and others: To see if the Town will accept the provisions of Section 103A of Chap. 54 of the General Laws as amended by Chapter 77 of the Acts of 1937 relative to Absentee voting, etc., or act on anything relating thereto.

VOTED: By a voice vote to lay this Article on the table.

VOTED: That this meeting be dissolved at 6 o'clock P.M.

The total number of voters present, as checked on the Incoming Voting Check Lists was 515.

WILLIAM H. MORRIS,
Town Clerk.

STATE ELECTION

November 8th, 1938

The following Election Officers were sworn in by Town Clerk William H. Morris at 5:45 a.m.

Thomas J. Keating
Austin L. Ahearn
Charles H. Pratt
Ora H. Pratt

Eugene C. McSweeney
Abraham J. Antoine, Sr.
Anastasia St. John
Leo E. Neagle

The Town Clerk Read the Warrant.

To bring in their votes to the Election Officers for the Election of Candidates of Political Parties for the following offices: Governor, Lieutenant Governor, Secretary of the Commonwealth; Attorney General; Auditor of the Commonwealth; Treasurer and Receiver-General; Congressman, Fifteenth District, Councillor for Second Councillor District; Senator for Norfolk and Plymouth Senatorial District; Representative in General Court for Third Plymouth District; District Attorney for Southeastern District; County Commissioner, Norfolk County; Sheriff, for Norfolk County.

Question No. 1.—Proposed Amendment to the Constitution.

Shall an amendment to the Constitution providing for biennial sessions of the General Court and for a biennial budget which is further described as follows:—

This amendment annuls all existing provisions of the Constitution and its prior amendments which require annual sessions of the General Court, commonly known as the Legislature, and provides for biennial sessions in their place. It also provides that the budget of all proposed expenditures of the Commonwealth shall be so prepared as to cover two fiscal years instead of only one as at present required,—which proposed amendment was approved by the General Court and in a joint session of the two branches held May 27, 1936, received 141 votes in the affirmative and 117 in the negative, and in a joint session of the two branches held May 19, 1937, received 158 votes in the affirmative and 112 in the negative,—be approved?

Question No. 2—Law proposed by Initiative Petition.

Shall the proposed measure which provides that in any city or town which accepts its terms, the licensing authorities shall establish free public taxicab stands for the use of all taxicabs and motor vehicles for hire whose owners are licensed within such city or town, and shall abolish all other forms of taxicab stands on any public highway within such city or town,—which was disapproved in the House of Representatives by a vote of 96 in the affirmative, and 109 in the negative, and in the Senate by a vote of four in the affirmative, and 35 in the negative,—be approved.

1. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?
2. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer) ale and all other malt beverages)?
3. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?
1. Shall the pari-mutuel system of betting on licensed horse races be permitted in this county?
2. Shall the pari-mutuel system of betting on licensed dog races be permitted in this county?

The following Election Officers (Tellers) were sworn in by Town Clerk William H. Morris, at 1 o'clock p.m.

George G. Monterio	Fred C. Blossom
Spencer H. Stoughton	Anthony M. Gonsalves
Joseph L. Oliver	Charles R. Jason
Joseph H. Donovan	Thomas L. Grassie
Edward M. Fleming	Malcolm H. Stevens

At 8 o'clock p.m. the polls were closed, and after completion of the counting of ballots the following Officers and Questions received the following number of votes:

CONVENTION OF TOWN CLERKS

Third Plymouth Representative District

On the seventeenth day of November, A.D., 1938, the Town Clerks of Hingham, Hull and Cohasset, said Towns comprising the Third Plymouth Representative District, assembled at the office of the Town Clerk in Hingham at 2 o'clock p.m., for the purpose of examining the returns of votes given in and determining who had been elected to represent said District in the General Court, to be holden at Boston on the first Wednesday of January next, proceeded to canvass said returns and found the ballots given in for the candidates to be as follows:

	Hingham	Hull	Cohasset	Total
John Q. Knowles ..	2,713	987	1,257	4,957
George D. Scully ...	778	294	395	1,467
Blanks	91	55	64	210
Total	3,582	1,336	1,716	6,634

It appearing that John Q. Knowles of Spring Street, Hull, has received a plurality of the votes given in, a certificate of Election was issued to him.

WILLIAM L. HOWARD

Town Clerk of Hingham

ANDREW F. POPE

Town Clerk of Hull

WILLIAM H. MORRIS

Town Clerk of Cohasset

Attest:

WILLIAM H. MORRIS.

Town Clerk.

VITAL STATISTICS

REPORT OF AN AUDIT OF THE ACCOUNT OF THE TOWN OF COHASSET

FOR THE YEAR ENDING DECEMBER 31, 1938

January 30, 1939

To the Board of Selectmen
Mr. Everett W. Wheelwright, Chairman
Cohasset, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Cohasset for the year ending December 31, 1938, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL
Director of Accounts.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Cohasset for the fiscal year ending December 31, 1938, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined and reconciled with the books in the town accountant's office.

The town accountant's ledger was examined, general accounts being compiled and the appropriation accounts being analyzed. The appropriation accounts were checked with the town clerk's record of town meeting proceedings and the recorded transfers from the reserve fund were verified by a comparison with the records of the finance committee. A trial balance was taken, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1938. This balance sheet indicates that the financial condition of the town is excellent.

The books and accounts of the treasurer were examined and checked. The receipts, as recorded, were analyzed and checked with the records of the several departments collecting money for the town, and with other sources from which money was paid into the treasury, while the payments were checked with the selectmen's warrants authorizing the treasurer to disburse town funds.

The cash book additions were certified and the cash balance on January 14, 1939, was proved by actual count of the cash in the office and by a reconciliation of the bank balances with statements furnished by the banks of deposit.

Payments made on account of maturing debt and interest were checked and compared with the cancelled securities and coupons on file.

The savings bank books and securities representing the invest-

ment of the several trust funds in custody of the town treasurer, the treasurer of the trustees of the Cohasset Free Public Library, and the treasurer of the Paul Pratt Memorial Library were examined and listed. The income was proved, the vouchers on file supporting expenditures were examined, and the transfers to the town were compared with the treasurer's recorded receipts.

The records of tax titles held by the town were examined and reconciled with the tax books, the redemptions being checked with the treasurer's cash book, and the tax title deeds as listed being further verified with the records in the Registry of Deeds.

Attention is again called to Section 7, Chapter 436, Acts of 1936, in connection with federal grants received on account of old age assistance. Money received from this source should be kept in separate accounts, while payments on approved cases should be charged directly against the proper grant account.

The books and accounts of the tax collector were examined and checked. The tax accounts outstanding at the time of the previous examination were audited, and all subsequent commitments were compared with the assessors' warrants issued for their collection. The payments to the treasurer were verified, the recorded abatements were checked with the assessors' records, the taxes transferred to the tax title account were proved, and the outstanding accounts were listed.

The records of departmental accounts receivable were examined and checked in detail. The recorded payments to the treasurer were compared with the treasurer's cash book, the authorizations of abatements were inspected, and the outstanding accounts were listed and proved.

Verification of the outstanding tax and departmental accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The financial records of the town clerk relative to dog and sporting licenses issued were examined. The payments to the State were certified with the receipts on file and the payments to the town treasurer were compared with the treasurer's cash book.

The records of licenses and permits issued by the selectmen, the police department, and the health department were examined and checked, and the payments to the town were verified.

The accounts of the sealer of weights and measures, of the school department, and of all other departments collecting money or committing bills for collection were reconciled with the treasurer's and the town accountant's books.

The surety bonds of the various town officials required to file them were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and collector's cash, summaries of the tax, tax title, and departmental accounts, as well as tables showing the trust fund transactions.

For the cooperation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted

HERMAN B. DINE

Assistant Director of Accounts.

REPORT OF COHASSET FIRE DEPARTMENT

To the Honorable Board of Selectmen:
Gentlemen:

As Chief of the Fire Department I submit the following report:
During the past year the department responded to 46 calls: 24 bell alarms, 18 silent or telephone calls, and four out of town.

House Fires	7	Incinerators	1
Chimney Fires	10	Garages	2
Auto Truck Fires	1	Cats in trees	3
Automobiles Fires	1	Broken Heater Pipes	1
Barns	1	Fuel Oil Fires	2
Electric Light Poles	1	Range Burner Fires	1
Needless Calls	1	Persons Locked Out	1
False Alarms	3	Gas Oven Fires	1
Office Buildings	1	Motor Boats	1
Work Shops	2	Hot Ashes in Barrel	1
Out of Town	4		

Engine No. 1 responded to 24 alarms and 4 out of town. Engine No. 2 responded to 7 alarms and 2 stills. Engine No. 3 re-

sponded to 9 alarms, 2 stills and 1 out of town. Ladder No. 1 responded to 24 alarms and 3 stills. Chevrolet Forest Truck responded to 24 alarms, 12 stills and 2 out of town calls.

The department used 8,200 feet of hose, 460 feet of ladders, 9 carbon tetro-chloride bombs, 50 lbs. Fyre Frez and 2½ gals. Foamite.

The assessed value of property was \$70,200.00 loss paid by insurance, \$4,024.00.

All 2½ in. hose was tested and several hundred feet was found defective which was replaced by new hose.

It is requested that the merchants of the town, remove boxes, papers and rubbish as often as possible on account of the fire hazard.

I wish to thank the Honorable Board of Selectmen for their deep interest in the department, to Chief Pelletier and his officers for their co-operation and to all others who have volunteered in any way. I also want to thank the officers and members of the department for the efficient and able manner they have performed their duty.

Respectfully submitted,

FRANK F. MARTIN,

Chief.

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

My report is as follows: The department responded to 22 wood and brush fires, 12 grass fires, burned 57 pieces of property, flooded ponds 3 times, pumped out 9 cellars, 3 dump fires, 1 railroad fire, out of town 6 times, 2 rubbish fires, and 1 tree fire.

On Sunday following the hurricane of September 21, 1938, we were called by the Department of Public Safety to go to Crescent Beach, Mattapoisett, with our Portable Floodlight outfit which did service for 4 nights and the Ford Forest Truck was requested by the Red Cross which was also furnished and did service for 3 days in the protection of life and property as there was no water for that purpose in their water mains.

A patrol is maintained during dry periods, especially Saturdays, Sundays and holidays.

A permit is required by law for all open air fires except when snow is on the ground.

Respectfully submitted,

FRANK F. MARTIN,

Forest Warden.

REPORT OF HIGHWAY SURVEYOR

Year Ending, December 31, 1938

January 25, 1939

To the Citizens of Cohasset:

All routine work such as cleaning gutters, catch basins, fence repairing, etc., was attended to in the early Spring.

Always, it is my intention, if possible, to have the most frequently used streets tarred before traffic becomes too heavy. Due to unfavorable weather conditions the tarring of our several streets was unavoidably delayed.

During the year 60,104 gallons of tarvia and 270 gallons of asphalt was used.

Out of the general appropriation many portions of the following sidewalks were rebuilt, totaling approximately two miles.

Jerusalem Road—Northerly side from Pope Memorial Church to Estate of Mr. B. J. Baker.

Highland Avenue from Town Hall to middle of hill opposite St. Stephen's Church.

Pleasant Street completed—from residence of Mr. Meehan to end of Street.

On westerly side of South Main Street—from Hancock's hill to brook beyond St. Anthony's Rectory; also opposite Library and branching onto and continuing on Spring Street to Norfolk Road.

From Nickerson Hill to Beechwood Street.

During and after rain storms much water running down hill on Stockbridge Street, by residence of Miss Valine, would cover portions of land on which is located the homes of Mr. Stephen Rooney and Mr. Charles Jason. Although this condition prevailed for many years, we endeavored to correct it. A catch basin and drain pipe were put in, sufficient to take care of what normal flow of water that may come.

Around the center of the town (weather permitting) during the summer months cleaning up and taking away rubbish before 6:30 a.m. was done.

Special Appropriations

Sidewalk was rebuilt from Ripley Road to Estate of Mrs. Bancroft.

Beechwood Street from residence of Mr. Levi Lincoln to B. I. A. Hall.

All street marking, while a function of the Police Department, received our attention at the direction of our Chief of Police.

Much work has been done on Beechwood Street by the elimination of dangerous curves near the residence of Mr. Everett W. Wheelwright. This is a W.P.A. project.

Again you are reminded that there are many places on the public ways that are very dangerous for the safety of travel. We hope these hazards will be taken care of in the near future.

To many who have given me helpful suggestions and to the Town Officials, who are always co-operative, I extend my thanks and appreciation.

Respectfully submitted,

WILLIAM T. BARNES,

Highway Surveyor.

REPORT OF COHASSET POLICE DEPARTMENT

To the Honorable Board of Selectmen:

CONCLUSION

To the Honorable Board of Selectmen and to the People of Cohasset I want to express my appreciation for the splendid co-operation given me in the past year.

Respectfully submitted,

HECTOR J. PELLETIER,

Chief of Police.

! REPORT OF HARBOR MASTER

To the Honorable Board of Selectmen:

Gentlemen:

As Harbor Master I wish to submit the following report:

Our harbor was used to a greater extent than ever before by visiting yachts. Conditions for the accommodation of these yachts are extremely bad.

The harbor has been surveyed by both government and state surveyors, with regard to dredging the channel, and the Harbor Committee is using its efforts to have this work done by the government and state.

Thanking the fishermen and yachtsmen for their cooperation and support during the past season, I am

Respectfully,

RALPH C. BURRELL,

Harbor Master

DEPARTMENT OF WEIGHTS AND MEASURES

Honorable Board of Selectmen:

Gentlemen:

My report as Sealer of Weights and Measures is as follows:

The various weighing and measuring appliances in Town have been carefully tested, 339 were sealed, 45 adjusted and 12 were condemned. The amount of \$47.60 was collected as sealing fees, \$50.00 as Transient Vendor local license fees, which was paid to the Town Treasurer.

I have also re-tested many weighing and measuring appliances, inspected Hawkers and Peddlers licenses and re-weighed several commodities offered for sale.

Respectfully submitted,

LOT E. BATES,

Sealer

REPORT OF MOTH SUPERINTENDENT

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for the Moth Department of the Town of Cohasset, for the year ending December 31, 1938.

Following my appointment, April 15, 1938, I made a complete survey of the Town and discovered several badly infested areas. Plans to isolate these danger points were carefully followed thruout the year, and in spite of the heavy rains early in the summer, intensive spraying in these localities checked widespread damage. However, with favorable hatching conditions, due to an unusually mild winter, reports from all sections of the State indicate increased defoliation due to Tent Caterpillars, Gypsy Moth, Canker Worm, and Elm Beetle, and notwithstanding the effort of cresoting, spraying of same areas must be accomplished during early summer, otherwise defoliation will occur in relation to the degree of infestation.

Owing to the fact that \$1,554.19 was spent from the 1939 appropriation of \$4,003.25 before my appointment, it did not allow a "follow-up" program of spraying; nevertheless, shade trees on every street in Cohasset were sprayed and at the request of interested citizens, much valuable work was done on private property. If the

September hurricane had not occurred, the moth situation would have been practically under control.

State, Federal, and other authorities are agreed that insect infestation in 1939 will be severe, particularly Gypsy Moths in the Hurricane areas, where dislodged egg clusters protected with leaves and snow will create a new menace during the Spring and Summer months. Spraying is the only method of control during this period.

With the co-operation of your Board and State Department of Conservation, I have sponsored a W. P. A. project involving control in some 400 acres of forest infestation.

With limited funds at my disposal, transportation of spraying equipment was a problem, consequently the discarded Fire Truck was found serviceable and placed in service at a cost of \$114.24. The Town now has an efficient piece of apparatus for use in this Department.

I wish to thank your Honorable Board and other Department officials for the courteous co-operation throught 1938.

Respectfully submitted,

ROSCOE G. PRATT,
Moth Superintendent

REPORT OF TREE WARDEN

To the Citizens of Cohasset:

I herewith submit the following report:

The work of trimming dead wood from the trees was carried on until the hurricane came. That took what money I had left to clear the roads and sidewalks. The trees have a lot of broken branches hanging since the storm and it will take at least \$2500.00 to clear them proper.

The Elm trees were not sprayed at the proper time as I had no sprayer.

The clearing trees for fire alarm wires was expended so far as it would go.

I wish to thank the citizens and members of all departments for their co-operation.

Respectfully submitted,

STEPHEN J. GRASSIE,
Tree Warden

REPORT OF HEALTH DEPARTMENT

To the Citizens of Cohasset:

Communicable diseases reported to the Board of Health last year showed an increase over the surprisingly low number of seventeen as reported in 1937, cases reported being as follows:

Chicken Pox	11
Mumps	12
Measles	2
Scarlet Fever	2
Lobar Pneumonia	3
Whooping Cough	22
Dysentery (Bacillary)	1
Dog Bite	15

Total 68

Sixty-two permits issued were as follows: Burial 48, Hospital 1, Piggery 5, Refuse and Garbage Collection 6, Bakery 1.

Seventeen milk licenses, including one for pasteurization of milk, and two oleomargarine licenses were issued during the past year. Dairies were inspected and samples of milk sold in the town were collected and analyzed at intervals during the course of the year.

School Dental Clinic

Total number of dental operations at the Dental Clinic at the Ripley Road School from February 1, 1938 to January 1, 1939 were 755. This number consisted of three hundred and fifty fillings, one hundred and thirty cleanings, eighty-nine treatments and one hundred and eighty-three extractions.

Well Baby Clinic

The Well Baby Clinic held monthly under the supervision of the Social Service League has, from reports and record of attendance, grown increasingly popular with mothers of infant children. The enrollment for the past year exceeded that of last year. An interesting point in the District Nurses' report is to the effect that there was not a single instance of a sick baby being brought to the Clinic for attention, indicating that the mothers were becoming educated as to the purpose of the Clinic, namely educational and preventive purposes. Much credit is due the Social Service League for its splendid cooperation in this endeavor.

Tuberculin Test Clinic

The Tuberculin Test Clinic was again conducted at the Osgood School, the pupils of the seventh, ninth and eleventh grades being tested for the disease. The test is not only invaluable because it affords the means of an early diagnosis in the event of infection but because of the educational features through the medium of lectures and sound pictures on the subject held at the school each year.

Diphtheria Immunization Clinic

It has been the aim of this Department for the past few years to attain a 100 per cent immunization record for the children of the Town. To that end a card index has been compiled listing the names of every child of the Town from the age of six months to fourteen years with their immunization records. Efforts are made to reach the parents of the children who have not been inoculated for the purpose of having them treated either at the Clinics or by their family doctors.

Diphtheria can be practically stamped out by immunization and it is our hope that every child from six months to fourteen years of age who has not been immunized as yet will be protected against the disease by being inoculated either by their family physician or at the Clinics to be held in the Spring.

Straits Pond, James Brook, Etc.

For the first time in many years, the water on the Cohasset side of Straits Pond and that of Cat Dam remained clear and free from alga growth. Heretofore sums ranging from \$300.00 and up were expended each summer for the clearing of these bodies of water. This year, whether because of atmospheric conditions or because of the ponds being drained during the winter months resulted in the winter killing of the roots of the growth, the ponds were free not only of the alga that has covered the surface each year but of the disagreeable odor that emanated from the plants during the warm season as well and no expenditures were required for their maintenance.

The result of this enabled this Department to do much needed

work in the tributaries of James Brook. In previous years the brooks and ditches had, because of lack of funds been somewhat neglected. These became filled with silt and underbrush which resulted in the backing up of water in many sections creating damp and odorous areas together with breeding places for mosquitoes. The work which consisted of cleaning thousands of lineal feet of brooks during the dry season has been the means of draining much marsh land, opening of waterways in anticipation of possible spring floods and the elimination of breeding places for insects.

Catch basins throughout the Town were treated at intervals in an attempt to minimize the odors and gases coming from the culverts during the summer months. We believe that an effective method of combating this nuisance would be by means of a high pressure spray gun which used once a week would practically eliminate the complaints received from this source.

Town Dump

The Town Dump received 2,881 loads of rubbish together with ten old cars last year. The portable pump was utilized twenty-eight times for the purpose of pumping water from cellars that had become flooded during heavy rainfalls and cleaning wells that had become unfit for drinking purposes.

There has been some inquiries relative to the possibility of re-establishing the telephone connection between the Dump and the Beechwood Fire Station together with the possible acquisition of an incinerator and the setting up of a system for the collection of rubbish and garbage.

With the possibility of an increased tax rate for the coming year however, we believe that while this would be an asset to the community, any expenditures for the foregoing could well be deferred for the present.

Respectfully submitted,

NATHANIEL HURWITZ, *Chairman*
ABRAHAM J. ANTOINE, JR., *Secretary*
EDWARD E. TOWER

REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY

The Directors present herewith their annual report for the year ending December 31, 1938.

It is a great satisfaction to the Directors to record an increase in the total circulation for the year 1938 over 1937 of more than 1,000 books. This fact shows clearly the increased interest in our library, and consequently that it is becoming more useful to an ever increasing number of citizens.

On April 21st the directors accepted with regret the resignation

of Miss Meyer as Assistant Librarian. We are happy that she has been able to find a larger opportunity and grateful for her splendid work while at our library. On June 15th, the Directors appointed Miss Marjorie B. Holman, Assistant Librarian; her service commencing July 1st.

We regret the loss of one of our directors, Mr. Herbert L. Brown, who had served long and faithfully on this Board. His place has been filled by the appointment of Mr. Roland D. Earle.

We also welcome to our Board, Rev. Harry C. Meserve, Pastor of the First Parish Church.

Reports of the Treasurer of the Board and the Librarian in detail are subjoined.

Respectfully submitted,

FREDERICK HINCHLIFFE, President
 FRED V. STANLEY, Treasurer

REPORT OF THE LIBRARIAN OF THE PAUL PRATT MEMORIAL LIBRARY 1938

To the Board of Directors of the Paul Pratt Memorial Library:

My report, as Librarian, for 1938 is herewith submitted to you, with the hope that it may be found to be a satisfactory record of the library's activities during the year.

Mentioning first my regret in losing Miss Meyer as my Assistant, and then, your appointment of Miss Marjorie B. Holman, which has given me another capable and willing Assistant, with whom it is a pleasure to share the duties of the library, I will pass on to other things.

The work in the Children's Room, as spoken of last year, is slowly going forward, and as soon as possible the books for young people will have their own place on the shelves.

A beginning has been made to prepare the foreign photographs, given to the library several years ago by Mrs. Thomas F. Richardson, Mrs. William L. Parker and Miss Mary C. Sears, so that they may be in suitable condition for loaning. As there are several hundreds of these, progress will be slow, but, eventually, we shall have an excellent collection. Mrs. Charles J. White has given us additional photographs this year. The exhibition of Madonnas which has been shown since Christmas was taken from this collection.

Other exhibitions have been loaned by Mrs. William F. Patten, of Hingham, sketches and paintings; Mr. George F. Newton, Mexico paintings; Carroll and Sally Cross Bill, of Weymouth, oil and water color paintings. There has always been a great deal of interest shown in these exhibitions and we hope we shall be as fortunate in the future, as we have been in the past, in being able to have them occasionally.

While, for the convenience of our patrons, new books and older ones, which are believed to be of sufficient interest to appeal to some, are kept on the shelves and table in the rotunda, at times a selection of books covering a special subject, commemorating a special event or suitable for a special season, may be found there. Such a collection was displayed during the Lenten season.

We are very grateful to those members of the Cohasset Garden Club who provided flowers throughout the summer and to Mr. Daun and to Mr. Millar for their generous gifts of flowers during Book Week.

The celebration of Book Week in November was observed in a simple way, with a display of recently published children's books and on Saturday, the last day, a story hour, which we hoped would bring together a large group of children to enjoy the story which Mrs. Holman was to tell. We are very much indebted to Mrs. Holman for consenting to be the story-teller, and we sincerely regret her audience was so small. The story hours which were held early in the year were not successful and were not continued after February. At Christmas time the usual decorations of the season lent an air of cheerfulness and goodwill. While we did not demonstrate the spirit of giving, we did experience the joy of receiving, because of the gift of Miss Phillips.—a beautiful begonia.

In the work with the schools, the reading from the State lists, for certificates, was done by thirty-eight children, all of the sixth grade, four of whom received Honor certificates, Jean Anderson, Beverly Flint, Mildred Haley and Grace Wood. Since the beginning of the school year, deposits of books have been sent once a month to seven schoolrooms, and in this way, those who do not have an opportunity to come to the library, may read for certificates, should they be so inclined. While the seventh and eighth grades are not reading for these, they have been using the lists for credit in their school work and we are very glad to know that they are doing this. We are always most grateful to the teachers for their interest and cooperation.

While we have an excellent collection of books, there necessarily comes a time when one is wanted which we cannot supply, and then we avail ourselves of the privileges of the inter-library loan. During the year thirty-three volumes have been borrowed from the Division of Public Libraries, Massachusetts Institute of Technology, Massachusetts Horticultural Society, Thomas Crane Public Library of Quincy, Newton Public Library and Boston Public Library.

In response to invitations from the Child Study group of Cohasset, last year, and of Beechwood, last spring, I have tried to tell them a bit about children's reading and the many beautiful books which today's children have to enjoy. I have attended meetings of Library Clubs and also the Library Institute at Hyannis in May and the New England Conference on Adult Education held at Simmons College in the early fall.

Book Stock

The annual reading of the shelves has shown some of the books reported missing last year to be still missing, therefore these have been withdrawn as lost. A few books, including eight which were loaned the latter part of the year, cannot, as yet, be located. Since, however, there is a possibility that they may be returned, they have been included in the number of volumes in the library as of December 31, 1938—23,896 volumes, of which 22,432 are in the main library and 1,464 in the Beechwood Branch Library. During the year 1,493 volumes have been added; 749 by purchase, 695 by gift, 49 by replacement, from duplicate pay collection, etc. The withdrawals of out-of-date, damaged and lost books are 301, including several volumes from the branch library which are no longer of use there.

Use of Library

During the year many transient persons make use of the library and their registrations are kept in the file for one year, then, if the number has not been used, it is withdrawn. Also, when a number has not been used for a reasonably long time, that, too, is withdrawn. This year 332 persons have registered or re-registered and 289 names have been withdrawn, making an increase of forty-three in the registration file, which now comprises 1,667 names, including forty-four from out-of-town.

The circulation figures show, as last year's did, an increase for nine months out of the twelve, but this year the months falling behind were April, May and June. The total circulation for the year is 45,355 volumes, an increase of 1,019 volumes over 1937. Of these 39,986 were borrowed from the main library and 5,369 from the branch. Both libraries share in the increase, which has been, in both, in the adult books rather than the children's. The percentage of adult non-fiction circulated at the main library is 41% and at the branch library 22%.

Among gifts of books there should be mentioned especially, the Smithsonian scientific series of twelve volumes presented by the Misses Grace E. and Annie N. Keene and Gordan Dunthorne's Flower and Fruit prints of the 18th and early 19th centuries presented by the Cohasset Garden Club; other gifts include over four hundred volumes from Dr. Marion S. Fernald, over ninety from Edwin L. Furber, over fifty from Rev. Howard K. Bartow, over twenty from Mrs. Charles J. White, and others, ranging in number from one to nine from Irving C. Blossom, Helen M. Phillips, John I. Tower, Sarah J. Eddy, George M. Shattuck, Mary P. Tower, Mrs. F. K. Chilton, Est. A. N. Milliken, Fred Rust, Jr., Charles C. Wheelwright, II, Mrs. J. W. Tuckerman, Louise M. Morrill, Mrs. Caroline G. Plant, Mrs. Mary E. Place, George F. Hinchliffe, Harvard University Press and other individuals and business houses. Magazines have been received from American Auxiliary George H. Mealy Post No. 118, Richard C. Thompson, Alfred W. Jones, Kenneth D. Ketchum, Mrs. John Richardson, Mrs. Howard K. Bartow and Mrs. Mannheimer. For several years the Christian Register has come to us from an unknown source; America, originally the gift of Mrs. O'Malley, continues to be received, and for the past few weeks the Christian Science Journal and the Christian Science Sentinel have been placed in the Reading Room.

All the above gifts are very gratefully acknowledged.

My report would not be complete without an expression of appreciation to Miss Meyer, Miss Holman, Miss Thayer and Mr. Butman for their interest and co-operation, to Miss Stoddard for her work at the Beechwood Branch library, and to you, who have so kindly given your assistance and advice.

CHARLOTTE S. TOWER,
Librarian.

Cohasset, Massachusetts,
December 31, 1938.

REPORT OF THE BOARD OF SELECTMEN

February 10, 1939.

Caring for our unemployed citizens continues to be one of our major problems.

An increased number of men have been added to W.P.A. projects. These projects have been of a constructive nature calling for funds for material and supplies in excess of projects of non-constructive type, but we feel that worthwhile projects should be undertaken in order that the town may receive some benefit from money expended.

The hurricane in September caused the loss of a large number of trees along the roadside filling streets with debris and making travel dangerous but with fine cooperation, from all departments, our roads were cleared and electric service resumed within a short time.

The death of Mr. Eugene N. Tower in October was a loss as his valued services were a great help to the board.

The amount of our State Tax was more than doubled during the year caused by the staggering appropriations made by the last Legislature. Unless you are willing to pay these increased taxes we urge you to use your influence with your Senator and Representative so that the State Tax may be lightened and our tax reduced.

We will do our utmost to hold our local expenditures to a minimum, allowing no increases that are not absolutely necessary for the proper functioning of the departments and reducing expenses wherever it can be done without too great a loss of service.

There seems to be an increasing demand for service from all the town departments and you must realize that increased demands for service ultimately leads to an increase in your tax burden.

The North Cohasset Playground was not purchased because of defective title, which is being corrected by the owner.

We wish to call your attention to the fact that you control the expenditures at the Annual Meeting in March, when appropriations are made, these you can make high or low according to your willingness to pay.

In conclusion we wish to assure you that we are trying to keep our Government fair and clean.

Respectfully submitted,

EVERETT W. WHEELWRIGHT,
DARIUS W. GILBERT,
KENDALL T. BATES,

Board of Selectmen of Cohasset.

REPORT OF PLAYGROUND COMMITTEE

To the Citizens of Cohasset:

We respectfully report that the recreation Field, which we were authorized to build, under Article 23 of the Warrant of 1938, has been completed.

The total cost of this project was \$17,004.41. This is a saving to the Town of \$1,745.59 from the estimate cost of \$18,750.00.

Respectfully submitted,

MANUEL A. GRASSIE, *Chairman*
DARIUS W. GILBERT
EVERETT W. WHEELWRIGHT
EDWARD A. MULVEY
DUDLEY S. DEAN
WILLIAM H. TAFT
JOHN BATES, *Secretary*

REPORT OF THE ASSESSORS

The Assessors of the Town of Cohasset submit their report for 1938:

Total valuation January 1938	\$10,260,055.00	
December assessment 1938	7,800.00	
		<u>\$10,267,855.00</u>

 Assessors of Cohasset.

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Citizens of Cohasset:

Your Board of Public Welfare has during the year 1938, as in past years, exercised their best judgment in administering relief to needy persons.

During the year 115 cases representing 380 persons were given aid, 7 of these cases being unemployable were boarded out.

As in the past, all recipients of aid, who were physically able, were required to work out their orders, at the rate of \$3.50 per day.

Federal Emergency Relief Surplus commodities and products of Works Progress Administration projects were received from the Government and distributed as follows: Food \$3,798.33; clothing \$1,037.45, the town paying only a small amount for storage and trucking.

Aid to Dependent Children was furnished to six families, representing 11 children in January, 1938. During the year two of these families were closed and at the end of the year there were four families representing six children receiving this form of aid.

We submit below a table of the case load and the number of persons represented in each month of 1937 and 1938, for comparison.

	1937	Persons	1938	Persons
	Cases		Cases	
January	78	292	74	226
February	73	280	88	290
March	73	274	88	291
April	70	270	74	221
May	54	216	58	207
June	36	125	44	149
July	31	102	34	98
August	33	97	32	92
September	36	111	39	107
October	40	126	38	113
November	47	147	37	101
December	71	236	47	142

The appended Recapitulation of Poor Accounts shows the comparative appropriations, expenditures and net cost of poor for the years 1937 and 1938.

Our District Nurse, Miss Agnes Weir, reports 81 cases under her care during the year, with a total of 747 visits. Transportation, medicines, X-Rays, etc., were provided for three or four cases to various clinics.

We wish to thank the Social Service League, the District Nurse and others who cooperated with this Department during the past year.

Respectfully submitted,

KENDALL T. BATES,
EVERETT W. WHEELWRIGHT,
DARIUS W. GILBERT,

Board of Public Welfare

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

Old Age Assistance was granted to 63 persons during the year 1938, there being an average of 50 persons on the payroll each month.

Active Cases, January 1, 1938	50
New Cases opened during the year	13
Cases aided during the year	63
Cases closed during the year	11
Active Cases on December 31, 1938	51

Of the 13 new cases added during the year three were transfers from the Public Welfare rolls.

Of the 11 cases closed, three moved out of Town, five were considered ineligible, and there were three deaths.

Following is the comparative case load:

	1936	1937	1938
January	22	39	50
February	21	41	50
March	22	41	49
April	21	43	49
May	20	43	48
June	20	44	50
July	19	44	49
August	21	44	49
September	35	45	49
October	39	47	50
November	38	48	49
December	40	49	51

It will be noted that due to change in age limitation there has been a decided increase in the case load.

For financial details please refer to the accountant's report.

Respectfully submitted,

KENDALL T. BATES,
EVERETT W. WHEELWRIGHT,
MARY E. OLIVER.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Cohasset:

The School Committee of Cohasset respectfully submits the following report for 1938.

During the year 1938, your committee has given particular attention to the health needs of the school children of Cohasset. The present facilities, or rather, lack of facilities for physical education at the Osgood School building handicaps us in the development of a proper program in that field. Perhaps the people of Cohasset will, within the next few years, consider the building of a modern school upon the site of its beautiful new playground. A modern building, with gymnasium and adjoining playing field will enable us to develop an adequate program. The committee plans to develop a health program based upon results of the examination made by

our local school physician and a further survey to be submitted by the state department of public health.

Dean Holmes of Harvard said, "If you have any interest in the schools, whether for the good of your own children, or for the good of the country, or simply because the cost of schools comes home to you in taxes, you ought to be concerned first of all with the teaching staff." This committee is in complete accord with Dean Holmes, and has felt that close economy, when the selection of new teachers is involved, is indeed a false economy.

For the past three years only repairs considered absolutely necessary have been made in our school buildings. This year we are not asking the town to appropriate money for any special repairs, provided failure to make them does not affect health, safety or efficiency.

The school committee has kept in touch with current, local educational problems by attending the meetings of the Norfolk County School Committeemen's Association.

A bill before the Legislature this year provides for the expansion of the charter of the Norfolk County Agricultural School to enable the county to establish a vocational school or schools under the charter. Your school committee feels, after considerable study, that it cannot support this bill. Such a school, established at the expense of all the towns in the county, in proportion to their valuation, would not, because of difficulty in transportation, serve Cohasset. A study of trade schools has shown that they serve well only the needs of those people in the immediate vicinity of the school. We believe that if the town of Cohasset were to contribute to the maintenance of such a school, it would serve as an obstacle to the establishment later of a school to serve this immediate district.

The Parent-Teacher group has been meeting monthly in the Osgood School. The programs have been interesting and instructive. The dancing class, sponsored by the Parent-Teacher Association, was continued only for the first school term. The committee is thankful for the intelligent co-operation of this Association.

Respectfully submitted,

COHASSET SCHOOL COMMITTEE.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of Cohasset:

You will observe that the amount of money asked for the maintenance of schools for the year 1939 is less than the amount expended in 1938. I know that the possibility of tax abatements on Cohasset properties on a rather large scale, plus the extremely heavy increase in state tax will very likely be reflected in the tax rate. Therefore, I feel that the citizens of the town should know that its committee and its superintendent are anxious to give to the citizens those services and equipment which they feel necessary to the proper conduct of the school system, with the minimum of expenditure.

You will also observe that although the total expenditures from all sources for schools in 1938 amounts to \$74,985.04, the amount expended from local taxation was \$66,306.82. The difference between these figures is explained as follows:

The state of Massachusetts allocates to towns maintaining a teaching staff that meets certain requirements as to experience and qualifications. For Cohasset, this sum amounted to \$5,350.00 in 1938. The lunch rooms and the shop purchase food and lumber. Unfortunately, the expenditures for food from week to week cannot

be met from the income of the lunch rooms, nor can the expenditures for lumber be paid for from the income from the shop. These monies are turned in to the town treasurer, and are not available to the school department for expending.

It is as though the town appropriates money as a loan for the operation of the lunch room. This class of income shows as a receipt at the end of the year, and from these and minor sources amounts to \$2,754.86 for 1938. This also must be deducted in order to arrive at net cost to the town.

Below I insert some comparative statistics in which towns of approximately the same population and valuations are compared with Cohasset as to the amounts expended from local taxation. The pupil population varies from 886 to 480 in these towns, but it must be realized that there is a certain pupil population swing from year to year, and that an increase of even 100 pupils, or a decrease of the same number, throughout the grades from kindergarten to grade twelve, does not affect the expense of maintaining school services proportionately.

Town	Pop.	Valuation	No. of Pupils	From Local Taxation
Scituate	3,118	\$12,802,011	768	\$78,780.97
Weston	3,332	10,271,881	628	69,827.25
Bourne	2,895	9,354,225	663	69,366.61
Sharon	3,351	6,011,540	731	68,276.89
Cohasset	3,083	10,137,757	551	67,974.30
Williamstown	3,900	6,719,585	886	63,293.44
Manchester	2,636	10,995,579	480	58,867.83
Nantucket	3,678	12,137,780	742	54,836.92

Repairs and Outlay

A considerable amount of painting was done in the Osgood School during the summer of 1938. Rooms which had not received paint and varnish for years have been re-decorated and the accumulation of old paint on the front porch was burned to the wood, and an excellent repainting job done. The porch itself was sagging, and it was necessary to replace some of the supporting beams.

To replace the wooden jungle gyms at the Ripley Road School building, which we felt were dangerously old, a new galvanized iron jungle gyms was installed. Through the kindness of Mr. L. Q. White we have added several outdoor gymnastic units to the playground. Added to the slides, this gives us a nearly complete set of equipment for the elementary playground.

The hurricane of September destroyed a number of our beautiful trees and made necessary the placement of a hedge between the school property and that of Mr. Cousens, due to the destruction of the ancient fence which collapsed beneath the trees. The chain-link fence at the Ripley Road School was damaged, and the wooden fence separating the Unitarian Rectory and the school grounds was also damaged. All necessary repairs have been made, and I feel that the work of the W. P. A. men, and their supervisors, in clearing the debris from the school grounds, is to be highly commended.

A new hot-air heating plant was installed in the Bates Building.

Teachers

Cohasset lost four excellent teachers during the year 1938. Miss Evangeline Delorme resigned in February, Miss Erma Lewis in April, and Miss Ruth Glines and Miss Catherine Walsh in June. These positions have been filled by Miss Alice Lebossiere from the Weymouth schools, Miss Ruth Motteau from Harwich, and Miss Deborah Blazo from Hanson. Miss Mildred Nelson, formerly of the Pembroke schools, has been appointed head of the commercial department in the high school.

We hope to give, from now on, a minimum course of a year to

all high school pupils who wish to learn typing as a tool. Miss Anna Dolan acts as an assistant in the commercial department, in addition to her secretarial duties, and thus makes it possible for us to maintain three beginners' classes in typing.

Under the direction of Miss Fay, of the English department, four clubs have been organized. They are the Broadcasting Club, the Journalism Club, the Dramatic and the Motion Picture Appreciation Club. Due to the efforts of Louis Mulvey, Jr., and the assistance of a number of the high school boys, a broadcasting studio with a broadcasting set has been installed on our third floor. As a means of improvement in diction, increasing interest in the drama, and for general motivating of English and history, I know of nothing that could have brought more enthusiastic response.

A recent ruling of the school committee provides that all teachers in the Cohasset school system shall take at least one course of study every three years to insure the retention of a fresh professional viewpoint. Many of our teachers are taking work well beyond the minimum requirements of the committee.

Health

Dr. Frederika Moore, of the State Department of Public Health, made at our request, last Fall, a survey of the health promotion activities in the Cohasset schools, including, of course, a sanitation survey. We are waiting for her report, so that we may make any readjustments in our health program necessary to bring us in line with the best modern practices.

Details of the dental, nursing, and health services will be found in the report of Miss James and Doctor Donovan.

Extra-Curricular Activities

The usual annual play was presented by the Senior class under the direction of Mr. Burditt Collins, and a Christmas pageant was presented in both schools. We hope to have as a part of a guidance program a group of speakers through the year, who will discuss opportunities in various vocational fields. A speaker has already appeared before the girls to discuss opportunities growing out of secretarial training, and the boys have been addressed on the subject of accountancy and the opportunities opened through training in that subject. The usual program of a science film a week has been carried out, and additional films have been shown dealing with safety, geography and industry. The school is making in color film a record of school activities which should prove very interesting to parents and students at a later date.

W. P. A. Concert groups have provided excellent concerts for the pupils of the Osgood School. History and English classes have visited the Museum of Fine Arts, Boston Public Library, Pioneer Village in Salem, and newspaper plants where special lectures and guidance were provided.

A schedule of competitive athletics in both baseball and football, with two fully equipped teams in each sport, was successfully carried through. Our athletic teams, I feel, are especially well equipped. The interest in our games has increased as shown by the much larger crowds in attendance last Fall. The citizens' athletic council has been very helpful and co-operative in aiding us to get a better brand of spectatorship at our games. I feel that our football season of 1938 reflected credit on our school and on our town, not because of the fact that most of the games were victories, but because of the good sportsmanship, hospitality, and courtesy displayed throughout the season by both players and spectators.

I wish to thank the school committee, the entire staffs of both schools, and the people of Cohasset for their kind co-operation.

Respectfully Submitted,

JAMES W. DOYLE.

COHASSET SCHOOL DEPARTMENT

REPORT OF THE PRINCIPAL OF THE RIPLEY ROAD SCHOOL

Mr. James W. Doyle, Superintendent

Dear Sir:

During the past year there were several changes in the teaching staff at the Ripley Road School. Resignations and illness during the year necessitated eliminating most of the extra-curriculum activities and devoting the major part of our time and efforts to the regular school program. By doing this, I feel that the progress of the classes affected was not harmfully hindered, and the assigned work for the year well done.

Extra activities outside of the classrooms, such as assemblies, simple plays and operettas are not accomplished without great difficulty in our building. The lack of a real stage and equipment, the faulty acoustics and the central location of the hall, where interruptions are frequent during rehearsals make it almost impossible to present a successful program in spite of conscientious effort on the part of pupils and teachers. When there are changes which interrupt the regular schedule of work, it seems unwise to attempt extra activities. The many subjects and the various projects which are part of the daily program, leave little time for out-side-the-classroom activities.

The course of study for the elementary grades seems to increase yearly. Grade teachers no longer teach the simple fundamentals of reading, writing, language, spelling, arithmetic, art and music, geography and history. Nature study is given as much time as possible, and some simple projects in science are carried on in the upper grades. Library periods are planned to supplement the regular reading classes and to cultivate a love for good books. Physical, Health and Safety Education is on every program.

Once a week each class goes to the auditorium for a period of Physical Education. This period is supplemented by frequent relaxation periods in the classrooms or short play periods in the hall. Boys and girls have supervised baseball teams in the spring, and the playground apparatus is constantly in use. The girls should have a Jungle-jims similar to the one which the boys have, and the boys hope to have apparatus such as the girls have, next year. Exercises to improve posture are emphasized.

Health is strongly stressed and has a definite place on the program. We endeavor to connect it closely with the regularly established school activities. It is not enough, however, to teach Health incidentally nor entirely in connection with other school subjects, although it is often correlated with Language, oral and written, and Reading. It is best taught by working out a project in which each child takes an active part, the aim being to acquaint the class with the proper health habits. We realize that the health work in the school is secondary to the training and care which the children receive at home, and it is our desire to co-operate with the parents for the welfare of their children.

Teaching the fundamentals, plus the extra subjects which enrich try to help the children recognize and avoid hazards which they will meet in their daily lives. This subject also is correlated with other lessons and numerous projects are carried on to enable the pupils to think and act in terms of safety. We endeavor to equip them with the knowledge that the safe way is the right way and happy way.

Teaching the fundamentals, plus the extra subjects which enrich the lives of the children, building character and cultivating correct habits of Health and Safety are the aims of the teachers and principal of the Ripley Road School.

In closing, I wish to express my appreciation for the advice

and assistance which you have given me throughout the year, and for the cooperation which I have received from the supervisors and teachers.

Respectfully submitted,

HELEN L. BROWN,
Principal, Ripley Road School.

REPORT OF THE DIRECTOR OF ATHLETICS

Mr. James W. Doyle, Superintendent

Dear Sir:

The boys' athletic teams, organized in football, baseball, and track, were justified by the interest shown and the number of boys participating.

Both the High and Junior High baseball teams had successful seasons in competition with our neighboring schools. The High School team's football season was marked by the good sportsmanship in our contests and the high level of community interest. The Junior High team went through its second consecutive undefeated season.

The track team participated in several dual and triangular contests, and the Harvard Interscholastic and Brockton meets. All sports may receive an impetus when the new field is ready; and none more than track, which has heretofore been under the handicap of having no suitable practice place.

This winter ice hockey was tried as an informal sport. The response left little doubt but that it would be eagerly received, should a boarded rink become available.

Sincerely yours,

WILLIAM RIPLEY, JR.,
Director of Athletics.

REPORT OF SUPERVISOR OF ART

Mr. James W. Doyle
Superintendent of Schools

Dear Sir:

A brief report of the Art Department for the year 1938 is hereby submitted.

The high school enrollment in the art classes remains about the same, seventy-five in free-hand drawing and forty-one in mechanical drawing.

In May an exhibit of work from the Junior High and High school was put on for the Parent-Teachers' Association meeting. Although the exhibit had not been widely advertised, it was viewed by a good number of visitors in the afternoon and evening.

We were invited by Mrs. Everett Gammons, Chairman of the Art Gallery Committee of the Cohasset Carnival, to join with Derby Academy and the Cohasset Country Day School in displaying art work done by the children of Cohasset. Two rooms of the Unitarian Parish House were converted into a Junior Gallery where art and craft work done by Cohasset young folks under eighteen was shown. This exhibit was held on June twenty-ninth.

The work in the Primary School was affected not a little by the many changes in personnel, but the closing months of 1938 have found us well started on a busy program for the school year. Easels have been provided for those lower grades which did not have

them, giving the children a chance for free expression on large paper. Miss Brown and her teachers are co-operating in a splendid way, for which I am grateful.

To you and to the members of our School Committee I wish to express appreciation for your helpful interest.

Respectfully submitted,

January 1, 1939.

FLORENCE E. KRAUS.

INDUSTRIAL ARTS DEPARTMENT

Mr. James W. Doyle
Superintendent of Schools
Cohasset, Massachusetts

Dear Sir:

In accordance with your request I hereby submit to you my report of the Industrial Arts Department for the year of 1938.

It has been my privilege in past years to report in detail on various aspects of the activities of the department. It seems safe to assume therefore that the citizens of Cohasset are adequately informed in regard to our efforts in helping boys to acquire some practical elementary knowledge of the great world of industry in which many of them hope to find their life work.

To achieve a worth while success in any vocation, there must be a period of specialized training. In by-gone days the apprentice system furnished this training for those entering industry. Today, industry generally prefers to employ those having acquired skill through courses in Trade Schools or similar institutions.

As you know there is at present time a wide spread conviction that Trade School opportunities should be provided for the boys of the south shore towns from Hingham to Plymouth. It will be several years probably before a practical solution can be worked out and a building provided and equipped. If Cohasset should build a modern high school near the new athletic field, the present building would be available for a Trade School. Such a plan would dispose of the problem of what to do with the old building, and provide a location for the Trade School to serve not only Cohasset but nearby towns as well. The high school can then return wholly to its proper function of preparing boys and girls for college and business.

May I point out how Cohasset would be benefited in several ways if the Trade School is located in our town. (1) The savings in transportation will in time wipe out the cost of equipping the building for use as a Trade School. (2) Our boys will save much time and energy otherwise spent in travelling to a school outside of Cohasset. (3) Our boys will have a better chance to receive instruction in the occupations in which they are interested and for which they are best fitted.

For many years Cohasset has paid its proportionate share in supporting Trade Schools in Massachusetts, as the State pays one-half of the entire cost of maintaining such schools. A few of our boys were able to attend schools outside of Cohasset. Many more would avail themselves of education for which they have aptitude if the opportunity were offered right here in town.

The time of action is at hand. Some town in this section must take the initiative in the movement. The reward will be the largest benefits to the boys of that town. I hope that Cohasset will accept the challenge in the interests of its boys.

Respectfully,

M. H. MEYER

REPORT OF THE HOME ECONOMICS DEPARTMENT

Mr. James W. Doyle,
Superintendent of Schools

Dear Sir:

I submit for your approval and acceptance a brief report of the Domestic Science Department for the year 1938. A few necessary changes have been made in the course to meet the present requirements.

The work of this department includes the teaching of cooking and sewing and the serving of a noonday lunch, the greater part of which is prepared by an assistant, the cooking classes contributing one or two dishes.

We wish that more pupils would avail themselves of the facilities of the lunch room and buy something hot to supplement lunches brought from home. Too many of these home lunches are being wasted, parts of lunches and sometimes whole lunches are thrown in the wastebaskets and the boys and girls are spending their pennies for candy.

For fifteen cents a student can buy an adequate lunch. The daily menu includes milk, cocoa and two kinds of sandwiches, soup or chowder, a main dish, a salad, a hot vegetable, fresh when possible, a dessert and ice cream and cookies. The prices vary from three cents for cocoa, five cents for vegetable or dessert, to ten cents for the main dish.

Milk has been given to underweight children, and at the Ripley Road School hot lunches and fruit juices have been given when needed. This service is made possible by contributions from the Social Service League and the Womans' Club.

The sewing department teaches the making and use of common stitches, the use of a sewing machine, the use of patterns, and desires to interest the girls in the care of their own clothes and in making simple garments for themselves.

One class has made household articles, useful and decorative, crocheted or embroidered, such as runners, dollies, luncheon sets, pillows, spreads and afghans.

The Catholic Guild furnished us with some material and one class made several nightgowns, pajamas and baby jackets for them.

Considerable interest has been shown by the older girls in knitting: sweaters, caps, baby garments were made, but perhaps the chief interest this year was in the making of Norwegian mittens.

In May, at the last Parent-Teachers' meeting, a small exhibition was held in conjunction with the Art and Industrial departments.

In closing, I wish to thank you and the School Committee for the interest and cooperation which has been given this department.

Respectfully submitted,

HELEN C. WELCH.

REPORT OF SUPERVISOR OF MUSIC

Mr. James W. Doyle
Superintendent of Schools
Cohasset, Mass.

My Dear Mr. Doyle:

A prominent instructor in music composition recently made the following statement at the first meeting of his class: "You may never write or arrange, in fact your activity in music may terminate with the conclusion of this course, but by learning the fundamental principles of music writing you will find you have a true appreciation of the music of the great composers."

This statement is the principle of all music instruction. In striving to "do" is gained the ability to listen. Music is thinking in terms of sound, and to hear accurately needs to be preceded by some attempt to produce. I maintain that thru singing or playing an instrument our mental faculties are trained to think in terms of sound.

Instruction in the fundamentals of music in the early grades makes possible instruction in part singing in the higher grades and part singing thru choral instruction trains the faculties of hearing to recognition of harmony. Harmony is the blending of many sounds; in fact, this blending of sounds is Music.

The pupil who causes to make an effort to participate stops being educated. The door is closed to higher standards of appreciation.

In view of the above, the music course will maintain the following factors in music education:

1. Instruction in music fundamentals.
2. Harmony and advanced forms of choral composition.
3. Acquaintance with the best in music literature.
4. A survey of music, past and present, and the trends of music thought for future development.

One concert by the W. P. A. orchestra, at which pupils see and hear instruments first hand, is worth a year's listening to radio. The radio has no value unless used as a means of discriminating listening and not as a background for other activity. The New York Philharmonic is worth hearing when listened to, but has no value as the background of a bridge game or general conversation. The Ford Sunday evening hour, the N. B. C. Symphony and many other fine programs are recommended to students with the advice to "listen." Again, there must be the effort to participate thru devoting undivided attention to the program.

As supervisor of music, I shall make every effort to teach Cohasset children the value of singing, playing and studying music. I will be successful as long as the pupil is responsive, and when a boy or girl is dropped from music class I suggest parents seriously ask what they can do to help re-stimulate a desire to participate. For the valuable aid from all my fellow workers I am truly appreciative.

Respectfully submitted,

FREDERICK A. TAYLOR

REPORT OF SCHOOL PHYSICIAN

Mr. James W. Doyle
Superintendent of Schools
Dear Sir:

Since September 1938, the majority of the pupils in the Cohasset school system have received a physical examination. The general health of the pupils was found to be good. Defects were noted and reported to their parents.

One of the commonest defects was that of posture, especially among the children in the lower grades. I believe that there is room for considerable education and training among the school children for the development of correct posture. Incorrect posture in itself can be the cause of numerous complaints and deformities, and a child suffering from it should be corrected at an early stage. This can be best taken care of in special classes for this type of work.

Children suspected to have tuberculosis received proper diagnostic tests including the tuberculin test and in other instances a roentgenological examination.

I wish to thank the school nurse, teachers, Superintendent and the Committee for their cooperation.

RICHARD J. DONOVAN, M. D.

REPORT OF SCHOOL NURSE

Mr. James W. Doyle
Superintendent of Schools

Dear Sir:

No. of pupils taken home durin school hours for illness or accidents	53
No. of pupils taken to Office of School or Family physician	22
No. of pupils taken to Hospital at request of Physician	2
No. of visits to homes pertaining to health of pupils	37
No. of visits to homes for family history of pupils examined by State Psychiatrist	10
No. of pupils with impaired vision	7
No. of notcies sent to parents (signed by School physician) recommending care by family physician (Ripley School and Junior High)	28
No. of pupils given Tuberculin Test (Grades 7, 9, 11)	59
No. of pupils re-acting to Test	12
No. of pupils X-rayed (including repeats from previous years	19
No. of pupils given Physical by County Doctor	1
No. of active cases of Tuberculosis	0

Recommendations were made for one pupil to attend the summer Health Camp at Braintree Hylands.

The Snellen's Test Symbols for measuring the acuteness of vision are used in the school and all pupils with a 20/40 vision or more are referred to an Occulist.

There have been no epidemics during the school year, but the common cold and sores are to be watched for.

Health Education and Health Habits are taught in each room of the Ripley Road School, and cleanliness of body, teeth, hair and nails are stressed. The need for good posture, proper amount of sleep and wholesome food are also emphasized. The classroom seats are adjusted from time to time for the comfort of pupils.

The Dental Clinic is held on Wednesday and Friday mornings for pupils of both schools and is well attended.

A Pre-School Clinic was held during the summer. These children were given a physical examination by Dr. O. H. Howe, and a dental examination was made by Dr. Ross. Recommendations were made to parents at this time.

Clinics for innoculations to prevent against diptheria were held during the summer. These clinics were open to children of all ages, and the majority of pupils attending school have already received these innoculations.

I have attended two Health Conferences during the year and learn that the Health Programs of schools are much the same, larger schools with better facilities doing more in physical education.

One professor of a Teachers' College, also an M. D., stressed the need of more rest and less strenuous exercise for High School pupils. Health Education and Physical Education are separate subjects and should be dealt with as such. He also said, "Teachers should realize that bodies have to come to school as well as minds, and both should be given equal consideration."

I feel that the teachers of our schools are very careful to notice the health of pupils and I have found them most willing to co-operate in every way.

FANNIE E. JAMES,
School Nurse.
